

thought your happiness mainly depended. Breaking off from a course of study wisely arranged to read every trifle that is prettily done up, is like leaving solid and wholesome food, to partake of hurtful sweat-meats, which enervate rather than strengthen. The greatest men sometimes read the fewest books, but what is read is made their own. Not committed it is true—for no wise man commits much—but analyzed—digested, and well understood. Like Wm. Penn, they have read men as well as books, and hence their readiness in grasping and comprehending every matter that comes before them, as by intuition.

REV. J. G. MORRIS, D. D., Lecturer on Zoology.

WM. ALBAUGH, A. M., Tutor and Teacher in Preparatory Department.

H. R. GEIGER, Teacher of Writing.

The course of studies in Pennsylvania College is as extensive and substantial as that of any institution in the country. The Preparatory Department provides for instruction in all the branches of a thorough English business education, in addition to the Elements of the Mathematics and Classical Literature. The College course is arranged in the four classes usual in the institutions of this country.

The government of the students is as energetic as their circumstances seem to require. They attend at least two recitations a day, and the Faculty contemplate increasing them to three, Church and Bible Class on the Sabbath, and are visited in their rooms so frequently as to preclude the danger of any great irregularities. It is believed no institution in the United States has more exemplary young men in connexion with it. They are all required to lodge in the College edifice, special cases excepted.

The annual expenses are—for board, tuition and room rent, during the winter session \$61 87 1-2; for the summer session, \$41 87 1-2; washing, \$10; wood, \$3 00. Total expense, \$116 75. Boarding can be had in town at \$1 25 per week.

There are two vacations in the year, commencing on the third Thursdays of April and September; each of five weeks continuance.

The summer session will commence on Thursday, the 22d of May. The annual commencement takes place on the third Thursday in September.

The Trustees have recently made various arrangements which will increase the efficiency of the Institution. They have increased the number of Professors and provided for the most ample instruction of the students.

Professor Baugher and Haupt are prepared to board boys and to exercise a special supervision over their studies and deportment, and Parents who may prefer placing their sons under their care, will be secure in regard to their proper management, under arrangements such as pertain to the family circle.

#### CONGRESSIONAL INTELLIGENCER.

The proprietors of the NATIONAL INTELLIGENCER, in order to meet the wishes of those whose circumstances or inclination do not allow them to subscribe even to a weekly Washington paper during the whole year, have determined to issue during each session of Congress, a weekly sheet styled "THE CONGRESSIONAL INTELLIGENCER," to be devoted exclusively to the publication, as far as its limits will permit, of the Proceedings of both Houses of Congress, and Official Reports and Documents connected therewith, including a complete official copy of all Acts passed by Congress during the session.

To bring the price within the means of every man who can read, the charge for this paper will be for the first session of each Congress One Dollar, and for the second session of each Congress half a Dollar.

The price of the CONGRESSIONAL INTELLIGENCER, to be issued on each Wednesday during the approaching Session of Congress, will therefore be One Dollar paid in advance.

To enlarge upon the value, to those who take no newspaper from Washington, of this publication, containing an impartial but necessarily abbreviated account of the Proceedings in Congress, including an authentic official copy of all the laws passed during the session, would be needless. The man who takes no such paper ought to take one, if he does not prefer remaining ignorant of what most nearly concerns his own destiny, and that of his family and of his posterity for ever.

When six copies are ordered and paid for by any one person, a deduction of one-sixth will be made from the price, that is to say, a remittance of Five Dollars will command six copies of the Congressional Intelligencer for the next Session. A remittance of Ten Dollars will secure thirteen copies; and for Fifteen Dollars remitted from any one person or place twenty copies will be forwarded.

Payment in advance in all cases is indispensable.

#### WEEKLY NATIONAL INTELLIGENCER.

This paper, being made up of such portion of the contents of the National Intelligencer proper as can be compressed within the compass of a single newspaper, continues to be issued and mailed to subscribers every Saturday at Two Dollars a year, payable in advance in all cases—no account being opened with subscribers to the weekly paper.

To bring this paper yet more nearly within the reach of such as desire to take by the year a cheap paper from the seat of the General Government, a reduction will be made in the price of it where a number of copies are ordered and paid for by any one person or association at the following rates:

For Ten Dollars six copies will be sent.  
For Twenty Dollars thirteen copies; and  
For each sum of Ten Dollars, above Twenty, eight copies will be forwarded; so that a remittance of Fifty dollars will command thirty-seven copies.

Publishers of papers throughout the several States and Territories who will give a single insertion to this advertisement (with this note annexed) and send one of their papers to this office with the advertisement marked therein, shall receive the Weekly National Intelligencer for one year free of charge.

#### PROSPECTUS OF THE INVESTIGATOR.

This Journal will be devoted to the subjects of Religion, Morality, Science, &c. Religious subjects will be treated in a temperate but fearless manner, and the tenets of the various sects, as occasion may require, will be examined with candor and impartiality. No personalities calculated to displease, will ever be admitted.

Education and Temperance will be advocated. Party Politics will not be touched upon; but dispassionate arguments on general and abstract questions may occasionally appear; and Political questions forming a connection with Religion (such as, the union of Church and State, &c.) will be freely discussed.

As to scientific subjects, preference will be extended to those of a practical and useful character.

The Editor will embrace a variety of topics of general information, &c. &c.

The articles will, chiefly, be original. When a selection can be made with decided advantage, it will be done. The subjects will be varied as much as possible, to suit the various tastes of the community.

The first number may be considered as a specimen, though containing less variety, it is believed, than the succeeding ones will contain.

It is intended to be monthly, and of 32 pages.

It has to make its way into the world without a father's name to help it, as many a child has been obliged to do before it; and, if it only receives that encouragement which they who first help themselves usually receive from the American public, it will not despair of success.

The terms are: 12 1-2 cents each number; \$1 50 for the year in advance.

Those wishing to receive the work regularly, can do so by calling at the Periodical agencies of Whitaker & Co., Taylor & Co., Penn. Avenue; Kennedy's Bookstore, F street, in Washington; Clement's agency, Georgetown; Bell & Entwistle, Alexandria; Shurtz & Taylor's, Baltimore; and at the principal Periodical agencies in Philadelphia, New York and Boston.

It would be a great convenience to the Publisher to have the names of subscribers deposited at either of the above places, so that the work can be sent regularly.

#### MAGNETIC TELEGRAPH COMPANY.

GENERAL MEETING, Saturday, Nov. 8, 1845.

In conformity with previous notice given in the newspapers of the city of Washington, a general meeting of the Stockholders of the Magnetic Telegraph Company, formed for the purpose of erecting a line of Morse's Telegraph between the cities of New York and Philadelphia, with power of extension to the cities of Baltimore and Washington, was held at the Magnetic Telegraph Office, in the city of Washington.

At four o'clock, P. M. Hon. AMOS KENDALL, the President of the former meetings of the Company called the meeting to order.

B. B. FRENCH was appointed Secretary.

Upon examination it was found that a large majority of the stock was present.

Mr. A. KENDALL stated to the Company that he was in negotiation with gentlemen in the city of New York for the purpose of raising a sufficient sum of money to extend the line of Telegraph from Philadelphia to Baltimore, with almost a certainty of success; that should the negotiation terminate favorably, it would add many members to the Company, and he would therefore suggest the propriety of choosing a President pro tem. to act until the next meeting of the Company.

Mr. KENDALL also reported that the line of Telegraph between the cities of New York and Philadelphia, was in great forwardness, and would probably be completed, and open for the transmission of intelligence in a few weeks. Whereupon,

On motion of Mr. GOLD,

Resolved, That this meeting now proceed to elect a President, whose term of office shall expire at the next general meeting of the Company.

The meeting then proceeded to the election of a President, and the Hon. AMOS KENDALL was elected.

Mr. KENDALL expressed his willingness to accept the office agreeably to the terms of the foregoing resolution.

Mr. FRENCH, one of the Trustees of the Company, in conformity with the eleventh article of the Agreement of Association, submitted the following:
